Spencer Katzman

620 Arboreal Ct, Atlanta, GA, 30022 | 678-314-6682 | skatzman26@gmail.com | katzman.us

Objective

Obtain a sports analytics internship where I can apply quantitative skills from my majors in mathematics, economics, and political science, as well as my proficiency in R, Python, SQL, and Excel. Contribute strong problem-solving and self-directed learning skills while gaining hands-on experience applying analytics to sports performance, strategy, and decision making.

Education

University of Georgia | Expected Graduation: May 2027 | GPA: 3.80
B.S. in Mathematics (Applied Mathematics Emphasis)
B.A. in Economics (Business Analytics Concentration)
B.S. in Political Science

Skills

- Data Analysis: R, Excel (advanced), SQL, Python (familiarity)
- Business Tools: Microsoft Office Suite (Word, PowerPoint, Outlook)
- Research: Report writing, presentations, statistical analysis, problem solving (game theory and strategic decision making)

Research & Academic Projects

- Authored multiple undergraduate research reports and presentations integrating economics, political science, and mathematics (Reports available on handshake and at katzman.us).
- Conducted business analytics projects using R and Excel, applying statistical and econometric methods (Code available on handshake and at katzman.us).
- Explored applications of game theory and problem-solving in academic coursework.

Experience

- Roving Umpire & Baseball Field Maintenance – Officiated youth travel baseball games, ensuring fair play and adherence to rules. Maintained baseball fields, demonstrating reliability, teamwork, and managerial/organizational skills.
- Volunteer – Contributed to community initiatives including FurKids, Wounded Warriors Equine Therapy, and other underprivileged children's support organizations (2016 - present).

Awards and Honors

Zell Miller Scholarship – University of Georgia
